Dear Mr. Rochette:

The Laguna Hills Coin Club is participating in National Coin Week by having displays at both the local Bank of America and the local Royal Savings and Loan. The displays include proof and mint coins from foreign countries; proof sets from the United States in fancy plastic holders; all of the bronze medals in the presidential art series; antique car coins; United States error coins; offcenter, flaked, and clipped coins; stone money; rare foreign and United States coins; a complete set of the gaming tokens; and Zodiac tokens. We have had articles in our local newspaper (Leisure World News), both last week and this week.

Sincerely yours,

Harold T. Jones
